### The Vatican's Position on the Irish Question—Parnell to be Completely Ignored.

### The Condition of Emperor Frederick III is Becoming More Satisfactory Daily.

THE EMPEROR IMPROVING.

Berlin, May 18.—The improved condition of the Emperor continues. The fresh air and exercise of yesterday had such an excellent effect on his health and spirits that the doctors intend, if all goes well, to allow him in a few days to take walks in the palace grounds.

A later bulletin issued this morning says the Emperor is without fever and the difficulty he experienced in swallowing has nearly disappeared.

THE VATICAN'S POSITION.

Rome, May 17.—The Vatican has given orders to all the papers in Rome controlled by the Vatican to answer the speech of Parnell.

The *Moniteur de Rome* says as Mr. Parnell is a Protestant he is not thoroughly qualified to be a spokesman for the Catholic people of Ireland, and adds that he is ignorant of the real sentiment of the Irish people, as is proved by the numberless responses to the Vatican circular which are coming from the clergy and laity alike from all parts of Ireland. The *Moniteur* concludes by expressing the hope that the act of the Pope will soon be acknowledged as having been made in the true interests of Ireland. The *Observatore Romeno* confirms the statement that numberless adhesions have been made and states that Parnell, by denying all connection between the league and "the plan of campaign," implicitly condemns the latter. It is believed that the Pope will not insist upon any collective adhesion of the Irish Episcopate, at least not at present, unless any symptoms of resistance are shown, in which case very vigorous action will be taken.

HELD FOR RANSOM.

London, May 16—The Russian Count, Strongonoff, and his sister, Princess Iscberbastoff, with an escort of 150 men, have been captured in Asia Minor by a tribe of Koord nomads, who demand an immense ransom.

THE IRISH STRUGGLE.

London, May 15—Michael Davitt, in his speech at Liverpool to-day, said that Irishmen would not be an iota behind O'Connell in resisting the Papal rescript. Ireland has done more for the Church among the people throughout the English-speaking world than any other country, and if this were Rome's gratitude Irishmen would be likely to ask themselves questions in the matter. Without wishing his remarks to be construed as an attack on, or as showing disrespect to the Church, he said that whether the rescript was intended as a political pronunciamento or not, it would be so regarded, and has already been hailed as such by every Coercionist paper and the rampant Unionist rag. He was confident that the rescript had added three months to Dillon's sentence. Irishmen were compelled to believe that the rescript was due to English intrigue, and Ireland would not accept political dictation from Rome.

## PROVINCIAL COURT.

(Before E. Johnson, Q. C., S. M.)

Henry Alexander was charged by a Chinaman named Ah Look with robbing him of $10 and striking him with a stone.

Mr. Gannaway appeared for the defense, and said defendant was a son of Mr. Alexander, of Saanich, and bore a good reputation. He would plead guilty to common assault but said that the charge of robbery was a fabrication.

Supt. Roycraft prosecuted and said the plea of common assault could not be accepted.

Ah Look stated—Live at Saanich and chop wood for Mr. Armstrong; know defendant; was coming along Saanich road on Wednesday and passed Mr. Alexander's place at 5 o'clock; prisoner called to witness and he stopped; prisoner asked witness whether he stole chickens; defendant said he lost two chickens and that he was a Victoria policeman; he then pulled off witness's coat, hit witness and kicked witness; tried several times to go to the house occupied by defendant's father; prisoner said he would kill witness if he went there but would say nothing if witness went to Victoria; witness started for Victoria and was followed by prisoner who said he was a policeman; prisoner then searched witness and took a $10 bill from his pocket. When witness came to a Frenchman's house on the road he left defendant and went in there because he was afraid prisoner would kill him; got a cheque from Capt. Warren for cordwood on Tuesday last and changed it at the bank; had only a ten dollar bill and an opium case and saw prisoner take the money; prisoner's brother was present; bought supplies with the balance of the money received from Capt. Warren.

To Mr. Gannaway:—I was coming from Saanich; received $60 50 at the bank; had a ten dollar note loose in my pocket; prisoner said he was a government policeman when he took the money and witness said "I will see the government;" I was afraid that prisoner would kill me; have seen prisoner before on the Saanich road.

John M. Langley stated:—I am a Provincial officer; had a warrant to arrest defendant; found him at his father's residence, South Saanich; read the warrant; prisoner denied the charge and said he had never seen the Chinaman; prisoner said he was ploughing all that afternoon and could prove that he was not on the road when the Chinaman stated that he was assaulted.

To Mr. Gannaway:—Have heard of Mr. Alexander, prisoner's father; he is a great Blue Ribbon man; prisoner had only 75 cents in his pocket.

Prisoner said he had nothing to say and would reserve his defense.

His Honor said the case mainly rests on the Chinaman's evidence, and as no evidence was forthcoming to disprove Ah Look's testimony the case must go up for trial.

His Honor said the charge was so serious that it would be improper to accept bail.

Supt. Roycraft said he would object to allowing prisoner out on bail.

### The Assizes.

Twenty-four cases will come before the Assize Court to be held on Monday next. The only lengthy case is the charge of conspiracy to murder against Lim Sam and another Chinaman.

### BRITISH COLUMBIA BRANCH

Of the Dominion Alliance for the Suppression of the Liquor Traffic.

The following is a summary of the business transacted at the fourth annual convention held at Vancouver, May 16th, 1888:

Rev. D. Fraser in the chair. There were present delegates from Victoria, Westminster, Vancouver, North Arm, Maple Ridge, &c. The report of the executive was read and the following resolutions arising out of it were adopted:

*Resolved*, That the reception which measures for the restriction of the liquor traffic, or the placing in the hands of the people power to protect themselves from the evils of that traffic, have met with in our Provincial Legislature, and the attitude of a majority of the members of that House towards this whole question, have been such as to cause us serious anxiety for the safety of our people, especially the young, from the almost universal prevalence of the saloon curse, and should cause every Christian and patriot to consider the necessity of exercising the greatest care in the use of the franchise. That we are glad to find at least a respectable, and what we hope to be an increasing, minority of the members of the Legislature ready to support sound measures on this question, and we accord to these our hearty thanks.

*Resolved*, That the executive committee be authorized and empowered to arrange for the engagement of a lecturer and the distribution of temperance literature, and to communicate with the various temperance organizations throughout the province with a view to obtaining subscriptions to the funds of the alliance, and also to the establishment of a guarantee fund to meet expense of lectures; and that it be an instruction from this convention to the executive that the employment of a lecturer is the more important point, having the first claim on the funds of the alliance; and that any distribution of temperance literature should be, in each district, as nearly as possible simultaneous with the visit of the lecturer.

*Resolved*, That the thanks of this alliance are due to the Hon. John Robson, M. P. P., Provincial Secretary, for his persevering efforts to give practical expression to our views, by introducing into the Legislature the bill prepared by the Alliance executive, and also favoring other measures looking in the same direction.

The Convention instructed the executive to make arrangements for the sending of one or more delegates to the National Temperance Conference to be held in the city of Montreal, on the 3rd of July next.

The following officers were elected for the ensuing year:—

Rev. D. Fraser, President;
Rev. E. Robson, N. Shakespeare, Esq } Vice Presidents;
Rev. J. W. Wadman, Secretary;
J. Hastie, Esq. Treasurer.

Committee—Rev. Alex. Fraser, Comox; S. Gough, Nanaimo; J. B. Kennedy, New Westminster; A. C. Wells, Chilliwhack; Mrs. D. M. Cochrane, Kamloops; Rev. R. B. Hemlaw, Maple Ridge; Rev. A. H. Cameron, Donald; Rev. M. L. Rogg, Victoria; W. J. Sutton, Victoria; O. D. Sweet, North Arm.

The proceedings throughout were of a spirited and harmonious character.

A public meeting was held in the evening in the Methodist Hall. Addresses were delivered by Rev. Messrs. D. Fraser, Dr. Reid, J Turner, D. Jennings, and Hon. John Robson.

The next meeting of the Alliance is to take place at Victoria in May, 1889.

### *OFFICER MILLER'S CASE.*

TO THE EDITOR OF THE TIMES:

SIR:—The letter of Officer Miller in last night's TIMES is untrue in almost every statement made. It is untrue that my home is at Leach River; my home is in Victoria. I did not come into town for payment, but in connection with other business. It is true that I was left on the mountain and had to walk into town. Mr. Miller having failed to wait at Goldstream as he promised to do. The TIMES' report was correct in every particular.

JOHN MCLEOD.

### Red Fox Comedy Company.

James M. Ward's Red Fox Comedy Company will arrive on Tuesday next and perform in the Victoria Theatre on Tuesday and Wednesday evenings, May 22d and 23d. They will play two pieces, "The Red Fox" and "Peep o' Day." The whole company are first-class in every respect, and Mr. Ward's reputation as an Irish comedian is well known throughout the United States. He ranks with the best stars of his specialty on the stage and his company has been selected from amongst the best talent obtainable at the present day.

### Cupid's Victims.

Mr. C. W. Rogers, the well known Government street fruiterer, was married on Wednesday evening to Miss Leah Morrison, Rev. P. McF. McLeod officiated. Mr. and Mrs. Rogers received the congratulations of their many friends in which the TIMES joins.

The marriage of Mr. Audrew Booth and Miss Louisa A. Pierre took place on Wednesday evening at the residence of the bride's parents. Rev. Bishop Cridge tied the nuptial knot in the presence of numerous friends of the happy couple.

### Who'll be Champion?

The outcome of the race between Paine and Peterson, says the S. F. *Examiner*, will tend to settle the long-disputed question as to who is the champion single sculler of the Pacific coast. In 1882 Dan Leahy won the championship by defeating Austin Stevenson, and on the retirement of the latter from rowing circles, the championship reverted to Stevenson. In 1886 Paine issued a challenge to row any man on the coast for $500 aside, but for some unexplainable reason the defy was not accepted. Shortly afterwards Stevenson retired, and it still remains a question as to who is entitled to the championship honors.

### Marine Notes.

The surveyors engaged in the examination of the steamer Idaho have decided that the vessel can be repaired to advantage. The work of taking out her old boilers was commenced the other day. They will be replaced by new ones, and her engines will be thoroughly overhauled. The steamer will probably go on the Alaskan route again this season.

British steamer Zambesa left Hongkong on the 9th inst. for Yokohama and British Columbia, sailing in the Canadian Pacific line. The steamer is the fourth now in that employ.

San Francisco, May 15—The revenue cutter Bear went into the stream. After having taken on coal and provisions for her northern cruise, she will probably depart for the Arctic.

## OUR OWN COUNTRY.

### Immigrants Starving in Toronto—Canadian Railway Returns Satisfactory.

### Heavy Rains and Destructive Floods in the States—A Roaring Turbulent River.

DESTITUTE AND STARVING.

Toronto, May 16—Hundreds of immigrants are at the sheds here destitute and starving. Charitably disposed people are helping them to keep body and soul together as much as they can, but their condition is pitiful. They cannot get employment, and what to do with them is a mystery. It is likely the Mayor will be asked to call a public meeting on the subject.

RAILWAY STATISTICS.

Ottawa, May 18—The Government railway statistics for the year ending 1st July last shows increased tariff greater than in any previous year, amounting to five and a half millions. Miles of railway completed 12,352, and capital paid $683,773,000; net earnings $11,227,000.

## AMERICAN DISPATCHES.

MURDER WILL OUT.

Fresno, Cal., May 18—Jas E. Pecardo has been arrested here for the murder of a sheep owner named Thompson, 11 years ago. Pecardo was in Thompson's employ and after killing him disappeared.

FIRE IN ROCHESTER.

Rochester, N. Y., May 18—The Hayden furniture factory was destroyed by fire late last night. Loss one hundred thousand dollars.

DAMAGE BY HEAVY RAINS.

Quincy, Ill., May 18—A heavy rain has set in and buildings which a few weeks ago were high and dry are surrounded by water and stand far out from shore. Walls are beginning to weaken and in some places have either settled or are falling.

FOR THE SEALING GROUNDS.

Washington, May 18—Orders have been issued from the Treasury department to the captain of the revenue cutter Bear to proceed to the vicinity of the Seal Islands and perform her usual duty of arresting all the vessels engaged in catching of seals within the limits of Behring Sea.

A COURT HOUSE BURNED.

Sidney, Iowa, May 18.—An incendiary fire destroyed the court house last night; loss $60,000. Many valuable records were burned. A portion of the building was found to be saturated with coal oil.

A MURDERER WOUNDED.

Dubuque, Iowa, May 18.—Last night Thos. Jones shot his wife, from whom he had been separated. He was pursued by a mob who sent a bullet through his head, inflicting a fatal wound.

A RIVER FIVE MILES WIDE.

Fayetteville, Ark., May 18—It has rained incessantly here for the last 36 hours, and the White river, an unusually peaceful stream is now a rushing torrent five miles wide.

A SMALL DELUGE.

Quincy, Ill., May 18—The flood situation this afternoon is appalling. On the embankment of the river a hundred cattle, horses and hogs are gathered without food; while across on the opposite bluff there are to be seen hundreds of men, women and children desolate, forlorn and despairing. Many are destitute and many are suffering for food.

### Found on San Juan Island.

Henry Hemmen's body was seen on San Juan Island by Indians. The report from Messrs. Brackman & Kerr's mills that the body was discovered on the Saanich Arm was incorrect. The American authorities will take charge of the remains.

### A B. C. Cannery in Trouble.

A San Francisco dispatch of to-day states that it is reported in commercial circles there that the British Columbia Packing Company is deeply involved through the failure of Wm. Coleman & Co., who had been carrying them through for some time. The headquarters of the company in this city stated that the Co.'s liabilities are from $50,000 to $60,000.

### The Critic Criticised.

Commenting on Judge Begbie's attack on the press, the *Columbian* says: "There are not a few newspapers, even in our own province, which make mud-throwing a regular business. Look at the political editorials of the *Guardian*, THE TIMES, the *Standard* (when it has any editorial) and one must be utterly disgusted with that phase of journalism." Well, look at them! Then look at the editorials in the *Columbian*, and if you don't feel, figuratively speaking, as if a wet blanket was thrown over your intellect, then they don't work on you like they do on us.

### For Sweet Charity's Sake.

It is learned that the performance of the Cantata "Esther," in aid of the Wellington sufferers, met with immense success at that mining town last evening. The rendering of the cantata is said to have been perfect and the attendance very large. In connection with the performance a case of clever priming and skilful execution is related. The lady who had rehearsed the part of the "Queen" became unwell the day before the performance and unable to take her part. There was only 24 hours for another to prepare to take her place, but nothing daunted Mrs. Hilbert took hold of the part and carried it through last night on the stage without a break. Prof. Pfeidner was instructor. It is not impossible that "Esther" will begin in the Victoria theatre at an early date.

### The Vancouver Smelter.

Mr. DeWolf, who represents the Vancouver Mining and Smelting Company, yesterday received a cablegram from London informing him that the agreement between the government and the company, in respect to the bonus of $12,000 to be paid by the former, had been ratified, and that the sum of $2,500 had been deposited as a *bona fide* on behalf of the company. The company which was successfully floated, has a capital of $85,000, which with the bonuses from the city and the government ($67,000), is considered enough to put the works in successful operation. A representative is expected to arrive from London in a few weeks, when initial operations will be at once commenced.

### CHARGED WITH MURDER.

Frederick Westnedge Receives a Hearing on a Serious Charge.

This morning Provincial Officers Miller and Lewis arrested Frederick Westnedge and booked him on a charge of murdering William Samuel Hall, at the Gorge on the 30th day of April last.

The charge arose out of the death of Samuel Hall, which occurred at the Gorge on the 30th April. A large contusion was noticed on the head of deceased after finding his body and it has since leaked out that a quarrel arose in the boat. The body will be exhumed and a post-mortem examination will be held.

At 12 o'clock to-day Westnedge had a hearing before Edwin Johnson, Q.C., S.M. Mr. Taylor, of Messrs. Eberts & Taylor, appeared for the defence and pleaded "not guilty."

C. J. Miller sworn:—The information as read is true; prisoner was a fireman on the steamer Alexander.

To Mr. Taylor:—I have no personal knowledge of the matter.

Mabel Dickson stated:—Live on Broad street in this city; remember 30th April last; prisoner's name is Frederick Westnedge; I was sewing on the Monday when Sam Hall, Mr. Harvey and prisoner came to the house and asked me to go boat-riding up to the Gorge; did not want to go with them; I then went with the three men and landed at Marshall's; went to the swing; prisoner and Sam Hall went into the saloon. They came back to the swing and asked me to take a drink; I said they had too much liquor already; went to the boat with Mr. Harvey, intending to come home; we left the landing in the boat and Westnedge called out asking who paid for the boat. We returned to the landing and took them in. Hall, the drowned man, said he would row the boat; I sat in the stern with Harvey; prisoner was drunk and was rolling all over the boat; Hall would go into the rapids; we went through the rapids and returned; whilst coming back Sam Hall jumped out on the rocks and told prisoner to come out; prisoner jumped out and Sam Hall said he would drown them all; saw them scuffling and knew there was going to be murder; saw prisoner with a scull in his hand but did not see him strike; heard blows and turned my head away so that I could not see the row; we fell out of the boat. Sam Hall was floating down the stream; he was stunned; prisoner swam ashore; Hall was known to be a good swimmer; the dead man tried to catch hold of me; the man was killed I am sure; some men with white whiskers took me out of the water; told them to let me go and save the man; saw Hall sink three times, and sat on the bank to see if he would be saved; prisoner came down while I was sitting on the bank; I was hanging on to Harvey; a man jumped into the water and dragged me out; I was about 25 or 30 feet from shore; Mrs Marshall sent me home; prisoner called at my house that night and wanted to hit me; Mr Harvey stopped him, and they had a fight; he was arrested that night and came to my house next morning and said, "If you say anything about this business I will kill you." He chased me out of the house.

To the Court—He did not mention any business when he said he would kill me if I said anything about the matter. He said it was all passed and gone.

Mr. Taylor asked for a remand until to-morrow morning at 10 o'clock. The case was remanded.

CHARGED WITH BEING AN ACCESSORY.

Charles J. Miller laid information against Frederick Harvey which reads as follows: He does suspect and believe and has just cause to suspect and believe that Charles Harvey became an accessory after the fact by being present at the time that Frederick Westnedge did feloniously kill and murder one Samuel Hall at the Gorge, Victoria Arm, on the 30th April last, contrary to the statute made in such case and provided.

Harvey was brought before His Honor Judge Johnson, Q C., this afternoon.

Officer Miller stated that he arrested prisoner this morning in one of the cabins behind the Jubilee saloon on Johnson street.

Supt. Roycraft said he did not intend to go on with the case to-day. The charge against Westnedge was not tried and until that is over the charge against Harvey might be remanded.

Prisoner said he could only state that if any blows were struck he did not see them.

The case was remanded until Monday.

### Base Ball Notes.

Chicago, May 16—Chicago 2, Boston 1.

Pittsburg, May 16—Pittsburg 6, New York 1.

Detroit, May 16—Detroit 2, Washington 0.

Indianapolis, May 16—Indianapolis 4, Philadelphia 2.

The Seattle base ball club will cross bats with the Willamettes at McCoy & Clinton's grounds, Portland, next Saturday and Sunday, the 26th and 27th, and possibly Monday the 28th. The Portlands hope to strengthen their nine within a short time by a new pitcher and catcher, whose names are withheld for the present. An effort was made by them to secure Turke Burke, the well known ball tosser, whom the Detroits released, but he had signed with one of the California clubs.

London, Ont., May 17—London 2, Rochester 2; game called at end of ninth innings.

### Chemainus News.

Mr. Joseph McDonald, formerly manager in Messrs. Croft & Angus' store, is now spending a few days in Chemainus, after which he will return to Bute Inlet, where he has an extensive logging business.

Miss McMecking arrived from Ireland lately to join her brother and friends of this place. She left the Emerald Isle on 26th April.

Mrs. McLeod, of Victoria, is spending a few weeks with her daughter, Mrs. Clark.

The weather is very pleasant and people generally avail themselves of the opportunity of pleasant outings. Among those who participate in buggy rides we notice Mr. C. E. Good to the fore.

### Incoming Passengers.

San Francisco, May 18—Passengers by the steamer Mexico for Victoria: G Nathan, G Promis, Mrs Barry, P F Perryman, H Jacoby, Miss Wallace, Mrs W McNamee and daughter, Miss McGilles, F Nixon, Mrs Bornstein, J C Rowley and wife, Miss Lemevne, F J Masters, Miss Williams, Mrs R J Edson.

### 24th May Regatta.

The steam tugs Lottie and Spitfire, with two large barges, will leave Johnson street wharf, foot of ferry landing every half hour for the Gorge. Fare each way 25 cents. May 17-1w

## THE VANCO...

The nine claimants ... town lots, whose claims were... act passed hurriedly during the closing hours of last session, remitted to arbitration for final decision, have good reason to fear that the Government are contemplating a grand *coup 'd etat* with a view of "euchreing" those who trusted them out of their property. During the debate on the bill the Hon. Mr. DAVIE, a member of the Government, promised that the claimants would be consulted in the appointment of an arbitrator, but the promise has since been violated. It was suggested by the claimants that either Mr. R. P. RITHET, Mr. C. E. POOLEY, or Mr. A. B. GRAY, would be acceptable as sole arbitrator, and most people will agree that either one of the three would bring to the consideration of the questions he would be required to decide a sound judgment and a determination to act honestly and impartially. The Government has coolly ignored the recommendation, and without consulting the claimants has nominated as sole arbitrator Chancellor BOYD, who is named in the act as the third arbitrator in the event of a sole arbitrator not being agreed to. The Commissioner of Lands and Works stands in the position of a trustee for the claimants, and as such is expected to study the interests and meet the views of the principals. It will not, of course, surprise THE TIMES if that functionary should stultify himself and his government by refusing to carry out its pledges. The settlement of this question is certainly desired by the claimants at an early day, and on the lines promised by the government. They will abide the decision of arbitrators, in one of whom they have expressed confidence, be that decision in their favor or against them, but the course now being taken is naturally viewed with suspicion, as the first step is a clear violation of a solemn agreement made upon the floor of the House.

## THE HOUSE OF COMMONS.

A correspondent writing from Ottawa on the 11th inst., says the hope of an early prorogation seems likely to be disappointed. A common opinion now is that the end will not come until the first of next month. Much of the original estimates are still to be considered and the supplementary estimates have not been touched. The C. P. R. settlement is to be dealt with. The bill to amend the Franchise Act, which may draw an amendment from the Liberals in favor of manhood suffrage for Ontario, has not had its second reading. The local franchise of Prince Edward Island is to be adopted and manhood suffrage conceded to the Island. Ontario has adopted manhood suffrage for the Provincial elections, and therefore, as respects Federal contests, and the same franchise should prevail unless there is to be discrimination in favor of the Eastern Province. The Tory followers from Ontario would be placed in an awkward situation if such an amendment were offered. They would hardly dare to oppose it. In fact, there is a movement in Ontario Torydom to get the Government to amend the measure by adding a clause enacting manhood suffrage for the Upper Province. It is not thought the Ontario contingent could be bullied into casting a solid vote against manhood suffrage, even if it were proposed from the Liberal benches. Another question of equal gravity for the supporters of the Government from Ontario is embraced in Mr. MILLS' motion for Federal consent to the ratification of the award of the Privy Council fixing the northerly and westerly boundaries of the Province. Sir JOHN MACDONALD has made it very clear that he will wear out the remainder of his days in defence of his badly frayed reputation as a constitutional lawyer and in fighting the unconquerable Premier of Ontario, and this motion promises to revive the whole boundary controversy and raise from the dead the old issue both in Local and Federal contests. If the Tory contingent go with their leader against their Province, it will be bad for their future, and it may be necessary for Mr. MEREDITH to make another right-about. The bill to amend the law of libel, which will also provoke a keen debate, is still to be considered. The prohibition resolution is in the same position. It is a great pity the Government will not see that Unrestricted Reciprocity would be the hardest blow that could be dealt the combines, and that the triumph of the same movement would kill the worst frauds that are practiced on the farmers of Canada. But they will not, or rather dare not, see this, and so we wait the outcome of the WALLACE and BROWN efforts. If all these things come, however, the session must be prolonged, for even Sir JOHN

## IMPERIAL FEDERATION AND BRITAIN'S TRADE.

There are a considerable number of people in Britain who desire the establishment of a grand federation of all the British colonies with the mother country. This desire has led to the formation of the Imperial Federation League. The federationists recognize the fact that commercial union between different parts of the Empire must form one indispensable condition of the permanent political union which they seek to promote. A commercial sub-committee was therefore appointed to inquire into and report upon the tariffs and trade of the British Empire. The inquiry was one of very great difficulty, and involved a large amount of patient labor. But it was absolutely necessary for the purposes of the League that accurate and reliable information should be obtained with reference to the tariffs imposed by the different colonies, and the various causes which led to their adoption. Sir R. RAWSON, the chairman, has just issued the report, which is of very great value and interest. But it is not calculated to inspire much hope that what Mr. BRIGHT calls the dream of Imperial Federation will very soon be realized. The difficulties to be overcome in establishing a commercial basis for union of all parts of the empire are enormous, if not utterly insurmountable. Almost every colony has built around itself a wall of tariffs, and there is scarcely a thing which England exports that is not met by a tariff at some colonial port. These tariffs vary as to class of goods, as to scale, as to the causes which have led to their adoption and the principle on which they are imposed. A survey of the whole only creates an impression of intricacy and confusion and the hopelessness of devising any system for harmonizing and regulating the whole. It would seem that nothing short of universal free trade could bring order out of such confusion. The investigation, however, seems to point to the fact that most of the tariffs have been adopted not for protection, but for revenue purposes. In this fact probably lies the secret of the means by which this war of tariffs can be brought to an end. Tariffs will be reduced, modified or abolished as the different colonies shall be brought to see that there is a better way to raise revenue than the imposition of import duties, which, while reducing imports, necessarily reduce exports also. Sir R. RAWSON has gone to an immense amount of trouble, and has arranged a vast array of statistics on trade and tariffs which he has presented in sixteen elaborate tables. The facts and figures refer to the trade of the Empire for the year 1885, and a comparison of the rates of import duty upon the principal articles of commerce in the year 1887. The report is a mine of very valuable information, while it reveals the hopeless confusion of the whole system. The tariff system of the British Empire, if system it may be called, is shown to be a very chaos, out of which it seems impossible that order should ever be evolved. One of Sir R. RAWSON's tables shows the proportion which customs bear to general revenues, and the amount paid per head of population.

In India the ratio of customs to general revenue is lower than in any other part of the Empire, being 5.1 per cent. In the United Kingdom, which comes next, it is 22 per cent. In Canada it is 87 per cent.; and in Newfoundland, where it is highest of all, it reaches 88.4 per cent.

On the Gold Coast the general revenue per head is 4s., and the customs duties 3s. 6d.; in India they are 7s. and 3d. respectively; in Ceylon 8s. 7d., and 1s. 11d.; in Fiji, 12s. and 4s. 11d.; in Canada £1 12s. and 18s. 5d.; in the United Kingdom, £2 9s. 3d., and 11s.; Victoria, £6 6s. and £2 1s.; New Zealand, £6 12s. 6d. and £2 8s. 10d.; New South Wales, £7 14s. 9d. and £1 19s. 9d.; Queensland, £8 13s. 11d. and £3 0s. 7d.; Western Australia, £9 3s. 8d. and £3 16s. 2d. It will be seen that Gold Coast has the smallest amount of revenue per head, and Western Australia the greatest.

The total trade of the British Empire for the year 1885 is stated to be 1,048,000 sterling, of which 574,000,000 were imports, and 472,000,000 were exports, the proportion being 54.8 to 45.2. Deducting from this amount the cost of shipment to different parts of the Empire, the value of the merchandise is 920,000,000. Of the gross sum, 1,048,000, that proportion belonging to the United Kingdom was £672,372,000, or 61.4 per cent. The British Possessions contributing £405,968,000 or 38.6 per cent. All the British Possessions together did 48.2 per cent. of their trade with the United Kingdom. The total imports of the United ...om for 1885 were in the following ...roportion. From the British ...ssions 22.7 per cent., the United ...es 23.9 and all other countries ...4. Of the total exports from the ...other country the British possessions received 31.5 per cent., the United States 11.4 and all other countries 57.1 per cent. The imports from the United States were chiefly food and raw materials, cotton being the principal item. As to the Dominion, notwithstanding the high tariffs by which it is sought to shut out foreign goods, she is unable to send to the United Kingdom as much as the United Kingdom sends to her. The object of the Imperial Federation League would be far distant even if the almost impossible task were achieved of harmonizing all the tariffs, or establishing free trade throughout the British Empire; but it has done a very great service by obtaining so much valuable information with respect to British trade throughout the world.

## KNIGHTS OF PYTHIAS.

**Reports to the Grand Lodge in Session at Colfax Show Great Growth.**

Colfax, W. T., May 16—The Grand Lodge of Knights of Pythias assembled on Tuesday, May 15th, at 10 a. m. All the Grand Lodge officers were present, and full representations from all the lodges in this jurisdiction. The grand keeper of records and seals shows by his annual report an unprecedented increase of membership in the order. The total membership to date is 1700, an increase of 621. The lodge reports $13,000 in cash and investment, which is an increase of double the amount of last year. There was paid out for relief $4000. The next session is to be held at Olympia. The Grand Lodge adopted unanimously a resolution to the Supreme Lodge forming a rank or degree for ladies. A resolution was passed that no one can join the order in this jurisdiction who is engaged in the manufacture and sale of intoxicating liquors. The Hon. Milton Gable, on his way to the session of the Grand Lodge, was thrown from a hack at Uniontown and seriously injured.

**Mothers!**

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend. 35 doses, 35 cents. mr 21 3m.

**An Explanation.**

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous. *

**AYER'S PILLS.** Sugar-Coated Cathartic

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia.—G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in

**The Bowels.**

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Esling, Richmond, Va. ††

# BY THE ATLANTIC.

**Letter from Halifax—A Bishopric that Went a Begging—Spring Time at Last.**

**The Great American Crank G. F. Train Delivers a Lecture—Dalhousie College Students.**

HALIFAX, May 4.—May is with us at last bringing with it mild breezes and sunny skies, the return of a real new year. The robins chirp merrily, the fragrant mayflowers lift their modest heads and look around them, and the starting verdure all tell us spring is here. We love the mayflower—the trailing arbutus of the New England States—because it is not only the first flower to bloom in the spring, but besides its delicious odour and fragile shell-like blossom with its pearly and pinkish tints, make it the most beautiful flower of the year. And then to come across it before the grass has started, and while the cold breezes from the gulf of St. Lawrence are still chilling the blood, when naught but its own coarse leaves are green, sends a thrill of delight to the heart of any one who is a lover of nature. All love it, be they poetically inclined or not. During the time I was a resident of British Columbia, I do not remember experiencing a greater sense of delight than when on opening a letter from a friend I found enclosed a pressed Mayflower. It was such a memento of home.

This past week has been a busy one for us Haligonians. We have, after many struggles, got a Bishop safely consecrated. We have had a monster "At Home" to celebrate the formal opening of the new college building for Dalhousie University. We have had our yearly convocation of Dalhousie, lectures by the well-known crank Geo. Francis Train, and dramatic recitals by Mrs. Scott-Siddons, which last are now going on.

Now, first as to the Bishop. He is the first one ever consecrated in the diocese. Heretofore the Bishops have been appointed in England and sent out. His name is Frederick Courtney, an Englishman, but domiciled in the United States for some years. Latterly he has been rector of St. Paul's, Boston. There was quite a trouble in getting one to fill the bill. There were several of our Nova Scotia clergymen capable of filling the position, but jealousies and rivalries prevented the synod from agreeing on any particular one. Strange, isn't it, when you look at it that professed followers of the meek and lowly Jesus, who had not place to lay his head, should have rivalry and jealousy over the glittering bauble of a bishopric. Anyway after some bickering they saw they couldn't do anything with themselves as candidates. They next elected Rev. J. C. Edgehill, who had formerly been military chaplain here, but as he was in receipt of a salary of $10,000 as chaplain of Her Majesty's forces in England, whereas the bishop's salary was but $6,000 he declined with thanks, as most any reasonable man would have done. They next tried the Bishop of Iowa, but he refused to leave his own bishopric. It seemed as if the bishopric was going abegging. The synod then referred the choice to the Archbishop of Canterbury, who refused to have anything to do with it. So they braced themselves up again and elected Dr. Courtney. He was consecrated on the 25th ult., and is now Lord Bishop of Nova Scotia. There were many prominent members of the Episcopal Church present; among them being the Bishops of Maine, New Brunswick, Ontario, Quebec, Rev. Philip Brooks of Boston, and others. The new Bishop seems to be a stern, strong, capable man, who will keep some perturbed spirits, who have already begun writing him anonymous letters, in their places.

Dalhousie claims second place. At the convocation twenty-six graduated, seventeen in arts and nine in law. The boys made a good deal of noise in the stoppages to enliven the proceedings. They even went so far as to smuggle in under the stage of the Academy of Music, in which building the convocation was held, an Italian organ-grinder who struck up a sort of accompaniment to Principal Forrest's speech. He was soon discovered and silenced. The "at home" which was held in the college building that evening was *the* society event of the day. Twenty-five hundred invitations had been issued, of which 1,500 had been accepted and about 1,700 guests were present. All the dignitaries and wealthy men in the Province; all college professors in the three sister Provinces, and all prominent men were invited and the rooms and passages of that massive building were thronged with the beauty and intellect of the Maritime Provinces. In one room the visitors were received by the governors of the college; in another a programme of music was being performed; in a third Premier Fielding, Chief Justice Macdonald, President Inch of Mt. Allison College, and others spoke to the intellectually inclined; down in the basement there was an athletic exhibition for those interested in physical culture; while those *flirtatiously* inclined wandered through the various corridors and moonlit smaller rooms and were to be noticed especially at the very top of the great stair, deeply interested in the moonlight—and each other. On the whole it was a great success, and will prove a great advertisement to the college. I am sure that the Dalhousie graduates now in the teaching profession in British Columbia have shown the residents of that pleasant province that in scholarship the old college can well be proud of her sons.

The champion crank, George Francis Train has been down here lecturing during the past few weeks. He is an excellent specimen of a smart man a little crazy. He has a great flow of words and a great fund of information on current subjects. He says he has found out that Canada is dead and he is going back to tell the United States not to link themselves to a dead corpse. He eats no meat which he calls corpses and therefore any one who eats it eats death and therefore we who have eaten so much meat are dead. He says he hasn't eaten meat for 14 years and hasn't touched mankind for twenty years except children. I fancy I hear that young man who was out to see his best girl last evening, sigh a sigh of pity and say "poor man." But a further word must be added. He says he never told a lie in his life, consequently you need not believe more than a quarter of what he says. Citizen Train has been a remarkable man for forty years, but I must say that I think he can lie more artistically and egotistically than any man I ever saw.

There are now lying in the harbor here five full-rigged ships, besides many square-rigged craft. This is a sight not often seen here of late years, the most of the large vessels built here rarely returning, but owing to low freights elsewhere they are here to carry deals to the United Kingdom. R.

## BRONCHITIS—CONSTIPATION.

**The Signs and Symptoms by Which These Troublesome Affections are Known.**

For the successful treatment of diseases it simply requires knowledge, and knowledge is power. Such knowledge, as acquired by close observation, deep research, long experience and exact and positive diagnosis of disease, and as indicates the proper remedies to be applied in each case, by which means immediate relief is followed by permanent cure, has enabled the Drs. Darrin to successfully diagnose and treat the following diseases, of which the causes and symptoms are given:

BRONCHITIS.

Bronchitis is an acute or chronic irritation or inflammation of the mucous membrane of the bronchi—the air tubes of the lungs. The chief symptoms are fever, tightness or constriction of the chest, with wheezing, severe cough and expectoration, at first of a glaris mucus which sometimes becomes heavy and thick, tongue foul; there is headache, lassitude, sick, gone feeling, with a hacking, irritating cough, worse after active exercise, such as running up stairs, etc. Bronchitis is a frequent result of chronic catarrh, and is liable to run into serious lung complications, which is indicated by a change in the voice, hoarseness, and a sore, bruised feeling in and over the upper part of the chest. The weather exerts a profound influence over the symptoms of bronchitis, differing, of course, in each individual case; some persons being worse in damp, warm weather, some worse in a damp, cool or cold atmosphere, while others are still more profoundly affected by cold, dry air. Bronchitis, acute and chronic, should have the prompt attention of the sufferer, otherwise serious impairment of the general health is sure to follow. Persons suffering from bronchitis, or any form of throat disease should consult the Drs. Darrin, and they will always give candid opinions. Their terms for treatment are reasonable under all circumstances, and the large number of cases coming under their care give them such an extended experience that they absolutely cure 99 out of every 100 cases, and every one who strictly follows their directions and faithfully uses their remedies. It must be said just here that to get well of any chronic disease of a serious character, and remain cured, a man must be led to see the nature of his own case, the needs and requirements of his own constitution, and must have that force of character which compels compliance with those resolutions.

CONSTIPATION

Is both a disease and a symptom, and the direct cause of many other diseases. Unless the bowels act freely and regularly, the morbid and irritating poisons from waste and inert remainder of nourishment, being absorbed by the system, will poison the blood. The skin will become rough, sallow, and covered with pimples, blotches and discolorations. Perspiration will be scant, and the lady or gentleman will emit a foul and disgusting odor, necessitating the use of disinfecting perfumes or a resort to daily or tri-weekly bathing. The nerves will become weak and irritable, the mind confused and memory short. The central forces of life being poisoned by this effete matter that should have been eliminated, health is superceded by disease. The appetite becomes poor, ravenous or precarious—sleep is unrefreshing and is disturbed by dreams; sleepless at night and sleepy and drowsy during the day, with a tired and exhausted feeling—this is especially the case where the liver is torpid, enlarged, inflamed and overgorged. Dyspepsia, pains and gas in the stomach—headache and neuralgia and dull, sharp or wandering pains, or a numbness or soreness in the limbs or body often result from the same cause. Constipated people often grow fat and stout, with an over-large belly, but they are sometimes lean and thin. Constipation is hard to cure, and is seldom cured until it develops some other disease. Every constipated person has some scheme for regulating the bowels, but they only relieve never cure. There is just as much harm done by trying to regulate the action by dieting and injections, as by taking patent pills or the various so-called mineral waters. It is better to have the constipation relieved by correcting or removing the cause. The Drs. Darrin have a special treatment for the cure of this troublesome affliction.

OFFICE HOURS AND PLACE OF BUSINESS.

The Drs. Darrin are located at the International Hotel, Cherry street, Seattle, W. T. Consultation free. They will under no circumstances take a case that they are positive that they cannot cure or benefit. Charges are reasonable and the poor treated free from 9 to 10 a. m. Tuesdays and Saturdays.

Office hours, from 10 a. m. to 5 p. m., evenings 7 to 8; Sundays 10 to 12.

They cure permanently all diseases of the genito-urinary organs and make a specialty of deafness and catarrh, and also treat successfully all diseases of the nose and throat, eye and ear, as well as all acute and chronic diseases of whatever nature, if curable. No cases taken if not.

Most cases can receive home treatment after a visit to the doctors' office.

Inquiries answered and circulars sent free.

(The Drs. Darrin also have a branch office at 235 Fifth Street, Portland, Or., where any in that vicinity can consult them.)

Mr Thos J Williams, of Cowichan, will leave on the Alaskan to-morrow morning en route overland for Napa, California. Mr. Williams is troubled with neuralgia, and hopes to be benefitted by a change of climate. The Times trusts that his hopes may be realized.

Sir Andrew Clark, who has just been elected president of the college of physicians, London, owes a great part of his success in life to his intimacy with Mr and Mrs Gladstone. After the epidemic of cholera in 1866, Mrs Gladstone established an orphanage and convalescent home at Woodford. It was in her visits to these institutions that she became acquainted with Dr Clark, who was professionally attending them. The acquaintance thus formed ripened into friendship. Mr Gladstone placed himself in Dr Clark's hands, and during the Liberal administration of 1868-74 the premier's physician became the fashion.

**Far, Far off Peace River.**

Yesterday, says the Calgary *Tribune* of Tuesday last, Messrs. Fitzgerald & Ellis sold to the Hudson Bay Co. the thoroughbred Aberdeen-Angus bull, Edward of Eastview, and the imported cow Pocahontas and the three-year-old heifer, Maid of Glenburn. These cattle, together with a dozen cows composed of Hereford, Galloway and Durham grades, are being driven to Dunvegan, in the Peace River district to form the ranchers of a large herd if the experiment proves successful as anticipated. By crossing these grades with the Aberdeen-Angus bull the company expect to be able to get a robe equal if not superior to that supplied by the buffalo in former years.

**Vancouver's Water Works.**

The *News-Advertiser* of last Thursday contains a detailed description of the dam erected on the Capilano river by the Vancouver Water Works Company. The extreme length of the dam from land connection to land connection is 385 feet, the clear tumbling way 165 feet, with an additional 14 feet of sluiceway when required, and the breadth of the principal parts 41 feet. There were used in its construction: 33,543 lineal feet of round and flatted timber, 1067 lineal feet of squared timber, 67,700 feet b. m. planking and sheet piling, 18,217 lbs wrought and cast iron bolts, nails, spikes and washers, 2441 cubic yards of stone filling, 50 cubic yard of concrete, 79 cubic yards of rip rap. The excavation in foundations amounted to 1877 cubic yards, and the embankments to 304 cubic yards. Work was commenced on the 30th of January, 1888, and completed at a cost of over $15,000 on the 18th of April last. From this it will readily be seen that a work of no ordinary magnitude has been successfully completed, and which reflects credit not only on all those concerned in its construction, but also on the city of Vancouver itself. With the completion of this dam and reservoir, and the laying of the submerged mains across the first Narrows, now being commenced, the city of Vancouver may rely on having a speedy and plentiful supply of the purest water, and a system of water works unequalled on the Pacific coast.

**A Capital Arrangement.**

The Canadian Pacific Railway has made arrangements whereby tourists holding Northern Pacific return tickets can have the return portion exchanged for those reading via Canadian Pacific, by applying to Robert Irving, C. P. R. office, Government street. *

**Mothers!**

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend. 35 doses, 35 cents. mr 21 2m.

## WOMEN AND UNIVERSITY EDUCATION.

In Great Britain as well as in Canada there exists a strong feeling in favor of women being allowed all the advantages accorded to men in the matter of university education. Last week at the primary and final examinations of the College of Physicians and Surgeons for Ontario, held in Toronto, some 240 presented themselves. In each class about 40 per cent. were "plucked." It was a great slaughter of the innocents. In the list of those who passed the primary examination we find no less than the names of eight women; an equal number also passed the final. The per centage of women who passed was greater than that of the sterner sex. Now that the doors of the Canadian universities have been thrown open to women it is confidently believed that the opportunity will be taken advantage of by Canadian women who are ambitious to take a leading position by the side of the lords of creation in the higher branches of education.

In Edinburgh we learn that for the last twenty-one years there has been an association for the university education of women. In the course of these years between 4,000 and 5,000 tickets have been issued, representing, it is calculated, between 3,000 and 4,000 students. From the first this association made its teaching exactly the same as that given in the university. All the while those engaged in this work looked upon this association as merely a temporary apparatus for doing what properly belonged to the national universities. They have all along anticipated that in due time the universities would take up this work and make it their own. That time is now within sight. The new Universities Bill at present passing through Parliament has a clause empowering any Scottish university to admit women to graduation. To that clause there is not the faintest indication of coming opposition. In twenty-one years, the revolution of opinion on the subject has been complete, and it was therefore with pardonable pride that Professor Masson lately dwelt upon the fact and took credit to himself and his co-workers for the triumph. "They had," he said, "sought to keep to their principle—to compromise here, to compromise there, accept what could be got, but never to accept anything that would preclude the carrying out of the right principle—they were now acting upon that—and here, after twenty-one years' wandering in the wilderness, they begin to see the promised land." It is the same everywhere, and righteously so. Why should ignorant prejudice and Old World traditions deny to women the very best education possible when they have both the means and inclination to pursue such an education and fully to profit by it?

## THE G. O. M.'S HOME LIFE.

As many of The Times' readers may be aware Mr. Gladstone's London house is near Buckingham Gate. It is in the old—not the new-fangled—Queen Anne style; its drawing room windows overlook the parade grounds of the Wellington Barracks. Mr. Gladstone likes spending a few moments now and then watching the soldiers go through their drill. The entrance hall is square and roomy, panelled, as is the staircase, with fine Chippendale carving, and lighted by a stained-glass window. In it are a few reproductions of the Autotype Gallery, and a large picture of the entrance to Alexandria, which must recall to the ex-Premier each time he enters the house one of the most unpleasing reminiscences of his official life. The dining-room is on the ground floor, and is of somewhat restricted dimensions. Above it is the drawing-room, which is a long, charming room. In one corner is a portrait of Mr. Gladstone, painted by Watts, and in the middle window is placed Mrs. Gladstone's writing-table. It is shut in by a screen, on which hang portraits of her husband and younger son. The room in which Mr. Gladstone works is at the back of the house, and is, in consequence, free from all noise. Not even the sound of a passing cab-wheel can break in on his quiet. Mr. Gladstone has another property of about 8,800 acres in extent, in Flintshire. It consists of the family estate of Hawarden, bought by Mr. Gladstone of his late brother-in-law, Sir Stephen Richard Glnyne, in 1852, and a smaller adjoining estate purchased from the Dundas family a few years ago. Both these have, however, been legally reconveyed to the ex-Premier's eldest son, Mr. W. H. Gladstone (formerly M. P. for Whitby), and Mr. W. E. Gladstone, if a land-owner at all, is only so to a very small extent. The property is ordinary farming land, but there are on it several small collieries, and valuable beds of clay. The rent roll is between £18,000 and £16,000.
